GERMANS' NEW REPLY STIRS MORE TROUBLE

Refusal to Deposit Gold Marks as Demanded by Belgium Leads Reparations Commission to Hand Over Situation for Governments to Deal With

British and French Hold Different Views on Case

PARIS, Sept. 14.—The newly developed crisis in the reparations question became so acute tonight upon receipt of Berlin advices that Germany had categorically refused to give up the 100,000,000 gold marks demanded by Belgium as a guarantee of the six months' note issue on account of reparations, that the members of the commission decided the situation had gone beyond their control and required the immediate attention of the Allied Premiers.

Sir John Bradbury, British member of the commission, is proceeding to London to lay the matter in detail before Premier Lloyd George, while M. Poincare has assumed command of the French side of the negotiations. The Italian and Belgian Premiers also are handling the situation for their countries.

FRENCH DEFICIT IS STARTLING

Difference of 13,600,000,000 Francs Between Receipts and Required Amount Will Puzzle Financial Authorities

PARIS, Sept. 14.—A deficit of 13,600,000,000 francs appears in the 1922 budget, and ways and means whereby the enormous amount between the voted expenditures and the estimated receipts for the coming year can be raised constitute a problem that confronted the finance committee of the chamber when it convened today.

The deficit is made up of 3,600,000,000 in the ordinary budget and 10,000,000,000 voted as extraordinary budget in the reconstruction of Northern France.

The latter item is described in the budget as "the amount to be recovered from Germany," but the latest development in the reparations situation has caused the finance committee to consider it as a deficit which they must devise other means of raising.

M. De Lasteyrie, Minister of Finance, previous to the adjournment of the chamber, had expressed a desire to float a new loan of 6 per cent, but the committee has refused to endorse this proposition.

Manitoba Minister Re-elected
WINNIPEG, Sept. 14.—Hon. F. M. Black, Provincial Treasurer, was elected to the Legislature by acclamation for Rupert's Land yesterday. It is announced. No other candidate was nominated. Nominations in the Greater Victoria general committee are to be held Tuesday next, and it is thought that Premier Bracken also will receive an acclamation. In both these constituencies the elections were deferred.

Statistics Given
ON WATER SYSTEMS

Particulars of Sooke Harbor and Esquimalt Water Companies' and the City's Service

Statistics in regard to existing water systems within the proposed Greater Victoria area were laid before the executive committee of the Greater Victoria general committee at its meeting yesterday afternoon.

In regard to its system, the Sooke Harbor Water Company supplied the following information: The water available is up to 2,000,000 gallons, about 100,000 gallons being used daily. The water is sold at a flat rate of 12 per month. The water wage amounts to between 30 per cent and 50 per cent. Use has been made of the water in a small way for irrigation purposes, a flat rate of \$1 per month being made. The irrigation is mostly by hose and sprinklers.

City's System
"If the concrete flow line from Sooke to Humphrey was repaired," wrote the city engineer in answer to a questionnaire, "it would have a capacity of from 18 to 19 millions gallons per twenty-four hours. At the present time its capacity during the summer months is 14 to 15 million gallons per twenty-four hours."

The actual amount of water available from the Sooke Lake watershed, if sufficient storage were provided, is a minimum of about 34 million gallons per day, and from Leach River under the same conditions about 34 million gallons per day.

Further information he gave included the following: During 1921 the consumption averaged seven million gallons per day. The amount estimated as required for 1922 is between 8 1/2 and nine million gallons per day. The amount of water available from Elk Lake is 2 to 3 million gallons. The cost of earth excavation and back filling is \$1.10 per cubic yard, and rock \$1.40 per cubic yard.

The Esquimalt Waterworks Company supplied the following particulars of its system: Water available, 12,000,000 gallons per day; water being used, 1,000,000 gallons per day; at a cost of \$100,000 the water supply can be increased 45 per cent; a minimum rate is being charged for water by meter, no matter if it is used or wasted; 11,000,000 gallons per day are going to waste.

EPHRAIM M. BRACKEN DIES AT WINNIPEG

Father of Manitoba Premier Passes Away While on Visit to His Son—Lived in Saskatoon.

WINNIPEG, Sept. 14.—Ephraim M. Bracken, 64 years old, died this morning at the residence of his son, Premier John Bracken, at the Agricultural College here.

Mr. Bracken was a resident of Saskatoon, and with Mrs. Bracken, had come to Winnipeg to visit his son on July 1. He had a stroke about a year ago, and had been in failing health ever since. He formerly was engaged in farming at Seeley's Bay, Ontario, where the body will be taken for burial.

Besides his widow and Premier Bracken, he is survived by a son, Sanford, at Tessier, Sask., and three daughters.

INFANT MORTALITY IS LESS IN TORONTO

TORONTO, Sept. 14.—A remarkable decrease in the mortality of infants in this city is shown in comparative figures for the first eight months of the year reported by the medical officer of health. The first eight months of 1922 the deaths totaled 658, compared with 741 for the corresponding period of 1921, and 1,047 in 1920.

The infant mortality in Toronto for the first eight months last year was 731, and the previous year 857.

B.C. HAS FRIEND IN HON. J. H. KING

Minister Declares Desire That This Province Shall Receive Its Full Share of Federal Attention

On what he declared was a trip of inspection taken with the main idea of studying British Columbia's requirements to the end that he may be in a position, as British Columbia's sole representative in the Federal Cabinet, to advance the just claims of this Province for consideration and to the best of his ability, advocate Federal assistance to that section of the Dominion which he has at heart, Hon. J. H. King, Minister of Public Works, reached Victoria yesterday.

The Minister, reluctant as ever on matters pertaining to his official duties, was nevertheless frank in declaring his delight at once again being back in British Columbia. A former member of the Provincial Cabinet and one thoroughly conversant with the needs of this Province, Hon. Dr. King emphasized his desire that as minister of the Federal Cabinet his every effort shall be towards seeing that this Province is accorded its share of Federal consideration.

Friend of B. C.
"My duty is now to study conditions and define some policy which, I hope, will be conducive to the benefit of British Columbia. You know I am an 'Optimist' on all matters pertaining to this Province. I know its possibilities and if ever British Columbia has a chance to get on its feet, I do not know that I can go further than that."

LABOR IS READY FOR ELECTION

National Agent of Party Declares It Is Well Prepared—Statement on Number of Candidates

LONDON, Sept. 14.—Discussing the rumors of the possibility of a general election being held this autumn, and the intentions of the Labor party in connection therewith, Egerton Wake, the national agent of the party, interviewed by Reuters, said the Labor party and its affiliate bodies had conserved their political funds, despite the economic pressure from the trade depression and was ready for the election whenever it came.

Mr. Wake denied that the executive of the Labor party was considering the question of reducing the number of Labor candidates in order to afford opportunities to candidates of another party.

The policy of the Labor party, Mr. Wake said, was an extended front of co-operation to every constituency where the organization's resources were available for the promotion of the candidates' interest. There were at present, he said, 400 endorsed Liberal candidates, and another 50 constituencies were developing their organizations with a view to securing Labor candidates.

Half the Labor candidates, Mr. Wake said, were nominees of trades unions, 50 were nominees of the Independent Labor Party, while 150 were nominees of the local Labor parties. The candidates include so-called intellectuals, such for instance as army and navy officers, literary men, doctors, ministers, university professors and school teachers.

Diligent inquiries in well informed circles in London failed to elicit any confirmation of current rumors of an early general election. It was pointed out that such rumors were mutually destructive, while it was assumed that the Labor party had no date for an appeal to the country been arranged, but the choice of a time had not hitherto decided upon to take effect at a date to be announced later.

Commander Booth Retires

NEW YORK, Sept. 14.—Evangeline Booth, commander of the Salvation Army in America, today received a radio message from Brudenell Booth, commander in chief of the organization, notifying her that the retirement as commander has been definitely decided upon to take effect at a date to be announced later.

IRISH MINISTRY GETS SUPPORT

Motion Offered by Gavin Duffy in Relation to Prisoners and Interned Men Is Defeated in House

MEMBERS OF CABINET DEFEND THEIR COURSE
Say Prisoners Can Obtain Release by Giving Simple Undertaking—Kenmare Retaken by Regular Troops

DUBLIN, Sept. 14.—In parliament today a motion made by Gavin Duffy, former Minister of Foreign Affairs in the Dail cabinet, urging the necessity of regulating the provisional government's action with regard to the prisoners and interned men, was defeated by a vote of 50 to 21.

The motion was made following the debate on the subject of the curtailment of the liberties of citizens during which were cited the cases of the arrest of John J. O'Kelly, former Minister of Education, as he was about to depart for the United States, and the alleged holding of 5,000 prisoners and interned men in Southern Ireland without trial or charges having been made against them.

Safety Aimed At
Kevin O'Higgins, Minister of Home Affairs, said that if those under arrest gave a simple undertaking to the Government, and the army intelligence department approved of it, the prisoners could be released.

Mr. Duffy was knocking at an open door, since the freedom of those under arrest could be obtained by the signing of a simple statement of good faith.

Richard Mulcahy, Minister of Defence, supported Mr. O'Higgins.

William Cosgrave, president of the Dail, declared that safety was the Government's first duty, and on that safety it was taking its stand.

Kenmare Retaken
CORK, Sept. 14.—Kenmare, in southern County Kerry, has been recaptured by the Free State army, a message from Kenmare today reported. The town was captured by irregular troops last Saturday after the garrison had been surprised in the early morning and had fought seven hours in its defence.

VOTES FOR CHANGE IN DIVORCE CANON

House of Bishops of Protestant Episcopal Church Adopts Explicit Prohibition

PORTLAND, Ore., Sept. 14.—The House of Bishops of the Protestant Episcopal Church in the United States today adopted a change in the divorce canon of the church, proposed by Bishop C. H. Brent, of Western New York, which would prohibit the church from performing marriages for any divorced person except as has been the rule, where a divorce has been granted on grounds of infidelity. The present canon merely forbids clergymen performing the ceremony for divorced persons. If the amendment enacted by the House today is approved by the House of Deputies it will go into effect next January.

The House of Deputies late today concurred in the action of the House of Bishops in eliminating from the marriage ceremony of the Episcopal Church the word "obey," said by the bride, and the words "with my worldly goods I thee endow," said by the bridegroom. There was a debate over the elimination of the word "obey," but no decision by the deputies on the bridegroom's pledge as to property.

NEW ZEALAND STORES DEPLETED

Expectation That Frozen Supply Will Be Cleared Up Before New Season Opens

OTTAWA, Sept. 14.—Heavy shipments of 1922 Victory bonds are daily being received by the Finance Department for clearing up the frozen supply of new bonds bearing 5 1/2 per cent interest and running for a further period of five or ten years as desired.

Many holders have expressed a wish to take up considerably more of the new bonds than they have of the maturing loan, but this is not permitted, as cash subscriptions are not being initiated at the present time.

It is pointed out at the Finance Department that such persons may add to their holdings of 1922 bonds by purchasing them in the market or from holders who require the cash. The bonds as purchased may then be surrendered for the new bonds.

MONTREAL STRIKE POSTPONED ONE DAY

MONTREAL, Sept. 14.—A one-day armistice was declared today between Montreal daily newspaper publishers and their printers on the wage dispute.

The last agreement expired today, and a meeting of the whole of New Zealand, says a Reuter dispatch from Wellington, a resolution was passed by an overwhelming majority, expressing the opinion that some measures for controlling and coordinating the shipping and marketing of dairy produce were desirable.

The resolution urged the government to bring down legislation patterned after the meat control act, which gives the New Zealand meat board wide powers in the marketing of stocks.

Ex-Minister Stewart's Illness

MONTREAL, Sept. 14.—Hon. J. A. Stewart, former Minister of Railways, who has been a patient at a hospital for some weeks, is reported as being very weak.

KEMAL IS RESOLVED TO SECURE CONTROL OF TURKISH CENTRE

Declares He Will March His Army on Constantinople if Powers Refuse to Hand It Over—His Peace Terms Based on National Pact—Tells Correspondent

SMYRNA, Sept. 14.—Mustapha Kemal Pasha is resolved to march his army on Constantinople unless the powers hand over the city to the Turks, according to a statement he made to The Daily Mail correspondent at Smyrna. He also reiterated that his peace terms were based on the national pact.

Smyrna, Sept. 14.—The Turkish irregulars who are in control of the city are firing upon and terrorizing the population.

Sir Harry Lamb, the British high commissioner, left aboard the British battleship Iron Duke. The British marines are withdrawn, leaving the protection of the city to French, Italian and nationalist guards and American marines.

Turks' Feudishness
LONDON, Sept. 14.—The conflict in Smyrna was started by a sergeant of Turkish regulars, according to Miss Mills, head mistress of the American College in Smyrna, says a dispatch to The Times from Athens. The sergeant was seen to enter a house carrying cans of petrol. Up to Wednesday evening the damage was estimated at \$15,000,000.

The correspondent says it was reported in Athens that up to the time of the outbreak of the fire about 1,000 persons had been massacred, and that it is feared the number now is much greater.

No Trouble in Palestine
LONDON, Sept. 14.—The Colonial Office this evening issued a formal denial of rumors in circulation that a revolt is imminent in Palestine. It is asserted that the country is quite tranquil.

Many Massacres
LONDON, Sept. 14.—A Reuter dispatch from Athens dated Wednesday says the French steamer La Martina arrived there with 150 refugees from Smyrna, including a Greek journalist. The journalist asserted that both the Metropolitan of the Greek Church and the Armenian Metropolitan in Smyrna were murdered and that Kemalists massacred about 2,000 Greek soldiers, whose bodies were thrown into the sea.

Situation Appalling
WASHINGTON, Sept. 14.—Fourteen Americans are missing in the free-cut sections of the city of Smyrna, the State Department is advised tonight. Captain A. J. Hepburn, chief of staff of the American destroyer fleet at Smyrna, reports that the fire, starting about 1 o'clock Wednesday afternoon in the Armenian quarter, has practically obliterated the entire European quarter of the city and still is raging.

The refugee situation in Smyrna is declared to be "appalling" in dispatches received today by the State Department from Rear Admiral Bristol at Constantinople. Inhabitants of the city, other than the refugees, are short of food, the message added, the victorious Turkish forces now occupying the city being on half rations. The dispatches were dated Sept. 13.

British Taken Away
LONDON, Sept. 14.—The British inhabitants of Smyrna, with a few exceptions, were safely evacuated aboard warships Wednesday evening.

King of Italy Very Ill
NAPLES, Sept. 14.—King Victor Emmanuel of Italy is seriously ill, according to The Mattino here, which announced today that he would not be able to attend the Naples fair. The newspaper states that King Victor contracted his illness on a journey in the Trentino Mountains. A high fever developed.

Bombs in London
LONDON, Sept. 14.—Disaster was averted by the timely discovery of four bombs wrapped in an old cape on a footway in London this afternoon. Many children were playing in the vicinity at the time. The police have been unable to find any explanation for the presence of the bombs where they were found.

BROTHERHOODS GET AGREEMENTS

Railways and Big Organizations Practically Renew Arrangements Under Which They Now Work

NEW YORK, Sept. 14.—Continued peace between the railroads and at least two of the four big brotherhoods which man their trains seemed in sure prospect tonight, when it was announced that the New York Central had practically agreed to renew their present agreements with the trainmen and conductors. This announcement, coming from W. G. Lee, president of the Brotherhood of Railway Trainmen, was followed by the report that the Pennsylvania, Erie, Lackawanna and other Eastern trunk lines also were ready to continue the wage scale, working conditions and rules under which the trainmen and the conductors are now employed.

The chairman of the board of directors and officials of the thirteen railroads making up the New York Central system, probably will sign the renewal agreement tomorrow, Mr. Lee said. The only undetermined question tonight, he explained, was whether the new agreement would be for one year or two.

The agreement in prospect will automatically remove from the United States Labor Board the task of deciding upon the pay and working conditions for trainmen. When the train men and the conductors several months ago failed to reach agreements the matter was put before the board, but now the trainmen and conductors seem about to settle the matter themselves with the separate roads.

Bonding Provision Is Cut From By-Law
Sanborn Council Makes Progress With Measure for Regulation of Jitneys and Buses

After long discussion of the many details, the Sanborn Council put the Bus and Jitney Regulations By-Law through the committee stage, and gave the measure its third reading. It can still be amended before being finally passed.

The provisions for bonding of vehicles were cut out unanimously. Under the by-law as it now stands the routes upon which vehicles may ply and the number of cars which may ply are defined in substance as follows:

Gorge Road, three; Lake Hill, three; City to Royal Oak, via Burnside Road, one; City to Wilkeson Road, via Burnside, one; City to Sidney, via East Main Road, three; City to Keating, via East Main Road, one; Cordova Bay, via Hinkinson Road, five; Cordova Bay, via Hinkinson Road, five; Gordon Road, two; Cadboro Bay, from Uplands, five; City to Glenford Avenue, via Carey Road, six; Observatory (for sightseeing cars running on schedule), ten.

A license of \$5 each six months must be paid for each car operating. The fares, as fixed in the by-law, are the same as those now in existence. Only the maximum limit is set. The by-law will come into effect on October 1.

FIRE AND RAPINE SWEEP SMYRNA

Many Buildings in European Section Are Already Destroyed—Turks Break Out in Usual Murder Carnival

CONSTANTINOPLE, Sept. 14.—Smyrna is burning. The population is in a panic. All the wives and children of native Armenians are being evacuated to Athens. The cause of the fire is not known. Scores of buildings in the European section of the city have been destroyed, including the American consulate. American marines and Allied soldiers formed a fire brigade, but the conflagration is beyond their control. The property damage is estimated in millions. The fire originated in the Armenian quarter and spread rapidly.

ATHENS, Sept. 14.—Persistent but unconfirmed rumors reaching here relate that Smyrna is in great disorder. The Kemalists entry into the city was accompanied by explosions which threw the population into a panic, these reports state. A well known resident said that when the Kemalists army entered on Saturday a hand grenade exploded among the cavalry. An officer was wounded. The Turks were infuriated and began to loot. At night, it was said, the Armenian quarter was raided. He said that women were outraged and 150 persons were killed. He declared that the same thing occurred in the Greek quarters, where he estimated the number of killed at 300.

There were reports of disorders in other parts of the town. Before the formal occupation of the Kemalists, a proclamation was posted throughout the city threatening the penalty of death for the murder of Christians. Later the word "punishment" was substituted for death penalty. The information received here states.

CONSTANTINOPLE, Sept. 14.—American sub-chaser No. 56 has arrived here with reports of the appalling situation at Smyrna. The harbor there is filled with the bodies of refugees, who stampeded when the last vessel departed before the Turkish occupation. Fifty thousand refugees, without food or water, lined the waterfront for miles in the broiling sun with arms upflung, pleading to be taken off. Those brought here included fifteen Americanized Greeks and a Mr. Ketchum, an employee of the Standard Oil Company.

Information to this effect has been received by the Minister of Defence, coupled with the statement that the Premier of Australia is desirous that Australian and New Zealand sculptors in Canada be informed of the fact that they are eligible to submit designs for this memorial should they desire to do so. Information is obtainable from the Minister of National Defence.

D. C. MACAROW IS ACQUITTED

Chief Justice Decarie in Montreal Court Finds Him Not Guilty—Allan Trial to Proceed at Early Date

MONTREAL, Sept. 14.—D. C. Macarow, general manager of the defunct Merchants Bank, was this morning found not guilty of making false or deceptive statements in a return to the Federal Government on the bank's condition for October, 1921. The judgment was given in the Court of Special Sessions by Chief Justice Decarie.

An appeal from the judgment may be taken by the Crown. The trial of Sir Montagu Allen, formerly president of the Merchants Bank of Canada, was this morning fixed pro forma for September 21, but that is only a temporary date to enable counsel for both sides to consult with the Chief Justice of Sessions as to when the trial shall proceed. In the meantime, Sir Montagu was allowed to go on his personal parole that he would appear when required. Chief Justice Decarie deciding that a bail bond was not necessary and that he would prefer to take Sir Montagu's word for his appearance, as with some men their word was of more value to them than even a large sum of money.

It was yesterday the grand jury here brought in a true bill against Sir Montagu, who elected a speedy trial in the Court of Special Sessions. The two cases arose out of the threatened collapse of the Merchants Bank when its reserve was reduced from \$3,500,000 to \$1,500,000 by disastrous loans to the now bankrupt stock brokerage firm of Thornton Davidson & Company and other concerns. The Government's case was that these loans should have been shown in the October, 1921, return to the Government. They did not appear until negotiations had practically been completed to sell the Merchants Bank to the Bank of Montreal.

OTTAWA, Sept. 14.—As far as the Federal Department of Justice is concerned, proceedings against D. C. Macarow, general manager of the defunct Merchants Bank, who was this morning found not guilty, are concluded. E. L. Newcombe, Deputy Minister of Justice, said this morning that there was no appeal from the judgment of Chief Justice Decarie and that nothing further could be done on the charge of the signing of a false return. Mr. Newcombe pointed out that he was not speaking for the Government.

BUSINESS IN EAST IS MUCH IMPROVED

Report of Manufacturers' General Manager—Mr. Walsh Comes on Taxation Mission

VANCOUVER, Sept. 14.—Canada, on the basis of her population, is the greatest exporting country in the world and the fourth greatest in the aggregate volume of commodities she sends to foreign consumers, says J. E. Walsh, general manager of the Canadian Manufacturers' Association, who arrived in the city from Toronto today.

Business conditions in the East are pretty nearly back to normal, with the prospect of a gradual improvement that will continue to take place during the next six months, Mr. Walsh said. There is no shortage of soft coal on account of the recent strike, but there is no hard coal available in the East and none is expected until December 1. The settlement of the railway strike in the United States, Mr. Walsh thinks, will have a very favorable influence upon transportation in Canada.

Mr. Walsh will go to Victoria later in the week, where he hopes to interview Premier Oliver and Attorney-General Manson on the question of taxation. He declares there are 5,500 taxing bodies in Canada, and argues that it is inevitable there would be a lot of duplication with so many authorities levying revenues, and he propounds a scheme which the Canadian Manufacturers' Association has been studying for the past year, to unify taxation throughout Canada, so far as the C. M. A. is concerned.

DOMINION PREMIER SPEAKS FOR GOODWILL

KITCHENER, Ont., Sept. 14.—Today Premier King is renewing old acquaintances throughout his former constituency of North Waterloo. Mr. King will return to Ottawa Sunday.

"Let us, wherever we see it, seek to replace illwill by goodwill," Premier King told 500 members of the Kitchener Board of Trade at the dinner given in his honor here last night. "Unity can be achieved by a spirit of goodwill," he urged. "There must be unity between capital and labor; between the different races of the Dominion; between the Provinces; between all parts of the Empire; and between nations of the world." This was the supreme aim of all governments.

SALVATION ARMY OFFICER COMING

Welcome Meeting for Commissioner Henry C. Hodder, O.B.E., Who Is Taking Charge in West

Commissioner Henry C. Hodder, O.B.E., who is taking charge of Salvation Army activities in Western Canada, will arrive here on Tuesday morning. A welcome meeting will be held on Tuesday evening in the Citadel, Broad Street, when members of the Provincial Government, the Mayor and Aldermen, and other influential men will be on the platform. Special music will be provided by the Salvation Army band and songsters. The meeting will commence at 7:45.

Commissioner Henry C. Hodder, O.B.E., who is an Englishman, has been an officer of the Salvation Army for forty years. His service includes many appointments in the United Kingdom as Field, Divisional and Provincial Commander, including

London and Scotland and the territorial leadership of Holland and Japan. For the past eight years he has been in charge of the Army's work in New Zealand and was awarded the Order of the British Empire for his splendid services there during the war. By the soldiers of Britain's most southern Dominion, he was called "The New Zealanders' Pal."

Mrs. Hodder is an accomplished woman and will be an able assistant to her husband in every phase of his work. Several of Commissioner Hodder's family have already made their homes on this continent, two of them being resident in the United States and two in Canada. One of his sons is handmaster of the Salvation Army band at Chester Street Corps, Toronto, Ontario. Captain Ivy Hodder will accompany the Commissioner to this country.

KILLED MOTHER CAT TO PROTECT TOY DOG

Woman's Action on Broad Street Arouses Ire of Employees at B. Spencer's Warehouse

In an excess of anxiety to protect her small toy dog, a woman beat to death with a walking stick a mother cat of two small kittens, pets of the employees of David Spencer's Ltd., warehouse on Broad Street, yesterday afternoon. The woman was passing the warehouse door in company with a friend when the mother cat made a dash at the small dog, little larger than the kittens, and cornered it against a packing case. To rescue the dog the woman beat the cat so cruelly with a walking stick, which she carried, that the poor animal died in a few minutes. The woman's intent, no doubt, was only to protect her little dog, but the store employees were rightly incensed at her cruel action.

NEAR EAST GIVES GRAVE CONCERN

Complications Arising in Asia Minor Are Uneasily Regarded by Allies—Moslems Excited—Soviet Enters Protest

LONDON, Sept. 14.—The Near East situation is causing considerable concern here. This is reflected in the editorial columns of the newspapers, some of which adopted a distinctly alarmist tone. "A grave crisis" confronts the powers, says one, while others declare the "situation is driving to the danger point," that "all the elements are present for another flare-up of war," and that "the powers must act at once and in agreement, because if they fail to agree, nothing but a miracle can avert disaster."

The one sentiment which dominates all is fear lest France, although agreeing to maintenance of the neutrality of the bardoanles, may interpret the "legitimate aspirations" of the Turks in such a manner as to prevent the co-operation of Great Britain.

Declaration of the French view is expected hourly, and awaited with the greatest eagerness.

Moslems Excited

Each day brings fresh reports of the intense feeling aroused in the Mohammedan countries by the Turkish victory in Anatolia, with indications of determination to support the Turkish claims with whatever means lie at their disposal. Reports from British India, especially, represent the Moslems there as greatly excited.

The Daily Express today published a Cairo dispatch quoting information just received of equally intense excitement in Palestine. News of the Russian Soviet's note of protest against the Allied action in Constantinople had not reached there when the dispatch was filed, but it will fall on soil prepared to receive it and add to the prevailing alarm.

Fear of an attack on Constantinople by the Turkish Nationalists before the Allies can reach an agreement has brought to the front the question of the whereabouts of the main Kemalist army, which apparently never entered Smyrna. Is this army on its way to the Straits by secret forced marches? It is asked.

It is stated that the British Cabinet will meet to discuss the critical situation tomorrow, by which time it is hoped France's position will have been made clear.

PARIS, Sept. 14.—Marshal Franchet d'Espèrey considers the situation in the Near East very serious, he is quoted by The Echo de Paris as declaring.

MALTA, Sept. 14.—The British transport Roma, with the 3rd Royal Sussex Regiment, will leave Malta for Constantinople tonight. All the other British troops in Malta have been ordered to stand by prepared to sail.

Soviet Protest

MOSCOW, Sept. 14.—A note of protest against the action of the Allies in Constantinople has been sent to Great Britain by the Soviet Government. The note states that the Allies have acted entirely according to their own wishes and against the interests of Russia, Turkey, the Ukraine and Georgia.

The fate of the Straits must be decided by the states bordering on the Black Sea, says the note, and Russia will not recognize and decision which contradicts this point of view.

The Soviet expresses sympathy with the struggle for independence by the Turks, and asserts that responsibility for the "Turco-Greek war" rests on the European powers who forced upon the Turks the Sevres Treaty, which "virtually enslaved the Turkish people."

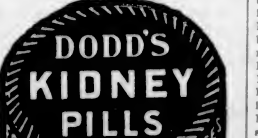

LONDON, Sept. 14.—The impression is growing here that a Turkish peace can only be arranged at a large international conference in which Russia, Roumania, Bulgaria and the other Balkan States participate. This impression is based in part on the renewed expression of Russia's attitude regarding the bardoanles contained in a note of protest against the Allied action in Constantinople sent to Great Britain, in which she demands that the question be settled primarily by the powers that use the Black Sea as an outlet to the ocean.

HELD FOR THEFT

Earl Heale and Harold Stacey Held on Charges of Theft From Pleasure Boats

Held for the theft of a clock, rifle and other articles alleged to have been stolen from motor launches, Earl Heale and Harold Stacey were arrested yesterday by Provincial Constable Robert Owen and Chief Peter Brogan, head of the Sanic Police department, and will be arraigned in the police court this morning.

In the arrest of the two the police authorities believe they have cleared up the mystery surrounding recent numerous robberies from pleasure boats lying at Brentwood and in Sanic Arm, and at the Victoria Yacht Club in Oak Bay. Many complaints of boats being raided and contents thereof taken have reached the police. Proceeding on information secured, Constable Owen and Chief Brogan searched the launch Snowdrop yesterday while she was lying off the Causeway, and a large quantity of stuff, previously reported stolen, was secured, and Heale and Stacey arrested.

PLAN PAPER PROJECT

Chicago Interests Meet Members of Government and Seek Concessions for Big Projected Industry

Further discussion concerning the project which was submitted to the Provincial Cabinet on Wednesday for the establishment of a paper mill by the Heaman interests, of Chicago, was had by the Provincial Cabinet yesterday when representatives of the company conferred with Premier Oliver and members of the Cabinet.

The Chicago capitalists propose to erect a pulp and paper mill at Seton Lake, on the line of the P.O.E. Railway, and they have been looking for power facilities for development purposes. It is proposed to get power from Bridge River, near Seton Lake, and negotiations are now under way with Mr. John Read, president of the Bridge River Power Company and British Columbia representatives of the Westinghouse interests in Canada. The Seaman Paper Mills Company, of Chicago, are interested in the project. They are one of the largest concerns of the kind in the United States. Mr. Seaman is at present in Victoria interviewing the Government relative to pulp limits and water powers. It is likely the mills of the company will be located on the North Shore of Burrard Inlet, where a location has been secured.

RACING PROFITS BENEFIT VICTORIA

While No Race Meet Here, City Will Derive Financial Gain From Tax Upon Mainland Meetings

According to figures compiled by the Provincial Department of Finance, Victoria, despite the fact that no horse race meeting will be held here, will receive about \$18,000 out of the five per cent tax which, at the last session of the Legislature, was imposed upon the amount of money wagered at race meetings.

It is stated that during the four weeks racing at the Highbush and Hastings Park tracks on the Mainland the total money wagered was \$4,058,865. In the pari-mutuel machines it was expected that with races in Victoria the total wagered would have passed the five million mark.

The figures compiled by the Finance Department show that the weekly total of wagers increased from \$489,893 to \$1,131,044 in the fourth and final week. The Provincial tax netted the Province \$205,794, and the cost of collection was \$12,998, leaving \$192,796 to be divided by the Province among the municipalities to whose benefit the tax on horse race betting was assigned by last year's Legislature.

The racing, however, brought another source of income to the municipalities in the form of the amusement tax on admissions to the race tracks. This tax this year aggregated \$12,998, compared with \$8,746 collected last year.

B.C. HAS FRIEND IN HON. J. H. KING

(Continued from Page 1)

The Minister of Public Works is acquainted by officials of his department, including Mr. A. St. Laurent, chief engineer of the Public Works Department of Canada, Mr. C. Worfield, District Engineer at New Westminster, and the secretary, Mr. G. Heidman, who is accompanied by Mrs. Heidman.

One of the first questions which engaged the attention of Hon. Dr. King on his arrival yesterday was that of the proposed iron and steel industry promoted by Mr. H. J. Landis, of the Provincial and Federal Governments are interested, notably the question of what steps shall be taken by the Federal Government in respect of river bank protection at Nicola, and an outstanding question on which the Provincial Government has made representations to the former.

During the evening Hon. Dr. King was the guest of the Provincial Liberal convention at Nelson, where he was another topic discussed.

When in the Provincial Cabinet Hon. Dr. King was the chief political adviser of the administration, and his advice now is of weight in the party's Provincial councils.

The Minister, who in his capacity of Provincial minister was always urbane and approachable, but noted for his reticence, is equally so in his higher sphere. He is looking exceptionally fit physically, but his habit of reticence is emphasized, if anything.

In Kept Busy

During the early afternoon Hon. Dr. King, following a luncheon with Premier Oliver and some members of the Provincial Cabinet, not only to the Outer Wharves with Hon. John Hart, Provincial Minister of Finance, and Mr. William Ivel, defeated Liberal candidate this riding at the last Federal election, and now chief dispenser of government patronage in this Federal riding. After a two-hour stay at party headquarters, Hon. Dr. King will appear at a meeting of members of the City and District Liberal Association, at which, also, will be Premier Oliver and members of the Provincial Cabinet. The meeting will be held at Liberal headquarters. At it the forty delegates to represent this riding at the forthcoming Liberal Provincial convention at Nelson on the 28th and 29th, will be selected.

The largest single floor school in the United States is at Fort Wayne, Indiana.

LESTER BAYNE IS EXONERATED

Magistrate Jay, in Dismissing Liquor Selling Charge, Scores Prosecution's Delay in Launching Case

Declaring that there were grave doubts whether the accused was in his premises on Government Street at the time of the alleged offence, Magistrate Jay yesterday in the city police court dismissed the charge against Lester Bayne, proprietor of the Victoria Cafe, of "unlawfully selling intoxicating liquor contrary to the provisions of the Government Liquor Act." This is the second case which the prosecution has lost in the series of trials against alleged violators of the liquor regulations. It is understood that the decision of the court handed down yesterday will not be appealed.

In delivering Judgment Magistrate Jay reviewed the evidence given by Walter Bell and Peter Ferris, two of the stool pigeons in the employ of the Government Liquor Board, which was to the effect that they had gone to Bayne's premises on the evening of June 24, about 8 o'clock, and they had there each bought two drinks of whisky from the accused. The court thought it rather strange that Bayne, not knowing either Bell or Ferris, would have served the two men liquor, as Crown witnesses alleged he had done.

"The submission for the defence indicates that there was a triple denial of the Crown's evidence Bayne and his wife say that they closed up their premises about 7 o'clock on the night in question, and Bayne swore he did not return there that night. His statement is corroborated by Mrs. Bayne, who said that her husband was with her all evening. The evidence of the accused is also supported by a young man named Earl Hannan, who testified that he was with the Baynes in their cafe all day and left the premises with them at 7:15 o'clock that evening, the accused padlocking the door as they went out. I have no doubt that Hannan's statement is true and that the accused did not return to his cafe that night," said the court.

Did Not Produce Evidence

The Magistrate pointed out that Bell and Ferris said in court that they alleged he had sold to them in the Victoria Cafe, from a jug. "If their story is true, why didn't they bring the jug away with them?" His Honor wanted to know.

"I cannot help commenting upon the way in which the prosecution has been conducted," Magistrate Jay continued. "The alleged offence is said to have been committed on June 24, but it was not until August 24 that the information against the accused was sworn out. I cannot see any excuse for the delay, because the swearing of the information is but a formality and does not take any time. A default of this sort is unfair to the defendant, who has no opportunity to meet the case which he is called upon to defend."

His Honor said that in view of Bayne's evidence, corroborated by Mrs. Bayne and Hannan's testimony, he had grave doubts as to whether the accused was in the premises at the time of the alleged offence. "There is not sufficient evidence to warrant a conviction, and the charge is therefore dismissed," announced the court.

UKIAH, Calif., Sept. 14.—A forest fire that for a time yesterday threatened to destroy the whole of Ukiah was under control today. A change in the wind swept the flames away from the town after a winery, a dwelling and a ranch house, and many acres of grape vines had been destroyed. Business in Ukiah was closed down temporarily and most of the population turned out to fight the fire.

INDUSTRIES CRIPPLED

Northern and Interior Employing Concerns Are Hard Put to It to Get White Labor

Unless men can be secured it is likely that some industries of the Province will be seriously affected, was the gist of communications which have reached Hon. A. M. Manson, Minister of Labor.

In messages from the northern section, as well as from Interior points, Attorney-General Manson has been advised that logging as well as other concerns are seriously affected in the matter of securing men, and the statement is made that unless white labor can be secured the companies affected must have resort to Orientals or else close down.

Hon. J. H. King, Federal Minister of Public Works, who reached Victoria yesterday, will be honored by city Liberals at a meeting to be held in the Liberal headquarters, Government Street, at 8 o'clock tonight. It is expected there will be a very large turnout of party friends of the Minister to do him honor. Premier Oliver and Hon. John Hart, Minister of Finance, will, with the Federal Minister, be the speakers. Mr. F. R. Carlow, president of the city Liberal organization, will provide.

In addition to hearing Hon. One of these resolutions will urge that the Government should submit a plebiscite to the electors of the Province on the question of the sale by the glass of beer and light wines.

Ward Three Liberals met last night and selected the ten names which will be placed before tonight's meeting as delegates from that ward to the convention. Preparations were also made for carrying on the Minister's work, a subject which will be further considered at a subsequent meeting.

CAPACITY HOUSES WELCOME RADIOS

Concert Party at Royal Victoria Theatre Gives Fine Programme—Lots of Fun and Laughter

Performing at two shows which were packed to capacity, the Radio Concert Party scored a big success in its thirty-minute entertainment effort last night at the Royal Victoria Theatre, in conjunction with the big film success, "Sonny," featuring Dick Barthelmess, which has been drawing large crowds since its release here at the first of the week.

The Radio, an aggregation of ex-service men who have seen active overseas with the Imperial and Canadian forces, and who not a few times cheered the Tonnie, while under violent shell fire in France, presented a novelty programme last night which won instant approval with the large audience. The troupe's offerings, which were recorded enthusiastically, consisted in bright singing numbers, patter, cartoon sketches and concerted selections.

Justifying by the hearty welcome the Radio received last night, it is certain that they will continue to draw big houses at the Royal Victoria Theatre, where they will again appear tonight and tomorrow evening, and at tomorrow afternoon's matinee.

AMPUTATION MEN ARE ON WAY WEST

Start for Vancouver to Attend Convention—Several Points of Dis-satisfaction to Come Up

TORONTO, Sept. 14.—Representative "Fragments from France" are already on their way to Vancouver to attend the Dominion convention of the Amputation Association of the Great War, on September 21, 22 and 23. This unique association is composed entirely of men who have suffered the loss of a limb or limbs or a total loss of eyesight as the result of overseas service.

Delegates from coast to coast will be in attendance at the convention, and the inspiration of constructive proposals as set out in the resolutions which will be before the convention will result in a clearer understanding of the requirements of the permanently disabled veterans.

The permanency of pensions, the elimination of bonus and more adequate adjustment of the present disability scale, reorganization of the orthopedic branch of the D.R.C.R., are among the matters of vital importance to the incapacitated veterans.

The dissatisfaction and complaints as to the ratings and ratings of the medical department in regard to amputation cases will be thoroughly gone into at the convention and demands made for improved conditions.

PRESENTS PICTURE OF VIMY MONUMENT

Photograph in Army and Navy Club—Honors Marked Where Victorians Did Their Bit

A presentation of a handsome framed photograph of the memorial erected at Vimy Ridge in honor of the brilliant victory won by the Canadian corps on April 9, 1917, was made at the general meeting of the Army and Navy Veterans Association held last night. The photograph was a gift from Comrade G. A. Kirk, a former president of the Army and Navy Veterans. The photograph was hung in a conspicuous place in the reading room, and the president, Comrade T. A. Drake, in acknowledging the gift, stated that it was very fitting that a photograph of a memorial which marked one of the most brilliant achievements of Canada in the Great War should adorn the clubrooms. It was of special interest to the veterans of the Canadian corps who helped turn the tide of battle by taking and holding a point which had previously been sacrificed in an effort to capture and retain.

On the reading of a letter from Lieutenant-Colonel Lorne Ross it was decided to endorse the community chest plan, and Comrades E. Foxwell and R. Thompson were appointed to attend meetings called in this connection.

Comrade T. Jones was appointed as delegate to attend the Dominion Army and Navy convention to be held in Montreal October 15. The efforts of the Canadian Legion, Victoria Post No. 1, Amalgamated Veterans, to obtain a sitting of the Royal Commission on pension and re-establishment matters in Victoria was endorsed. Comrade J. Quinn was elected to fill a vacant vacancy on the executive. A grant of \$25 was made to the Boys' Naval Brigade.

MUNICIPAL CHAPTER MEETS AFTER REST

At the request of Mrs. Clarke, on behalf of the Equilateral Chapter, I.O.D.E., it was decided at a meeting of the Municipal Chapter, I.O.D.E., held yesterday afternoon in the Jones Building, for the first time since the summer holidays, that as soon as the funds permit, care of the graves of soldiers and sailors in the Equilateral Cemetery will be undertaken by the local Order.

The proposed Autumn carnival was endorsed.

It was decided to ask Col. Lorne Ross to address the members on the subject of the Community Chest.

An invitation was received from the Florence Nightingale Chapter asking the members to attend the opening of the autumn this afternoon at 3 o'clock.

Mrs. J. B. Kent brought in the members' attention the Boy Scouts sports day tomorrow at Oak Bay, and made a request for cakes, etc., which might be left at Clay's, Fort Street.

Mrs. Curtis Sampson presided at the meeting, which also dealt with the regular routine business.

GIRL GIVES HER LIFE TO SAVE COMPANIONS

BEIRUT, Syria, Sept. 14.—A remarkable story of self-sacrifice in which a 14-year-old girl gave her life to save three companions, has been received here by the American Committee on Relief in the Near East.

While 500 children were bathing in the Mediterranean, near an orphanage near Ain Teyles, three small boys went into a dangerous whirlpool. Ruth Manogla, the only other person within helping distance, swam to the edge of the mainstrom and succeeded by the almost superhuman effort in rescuing all the boys and carrying them to a rock. Then she collapsed from over-exertion and died before a lifeboat could reach the rock.

ACCUSED DENIES SELLING LIQUOR

Magistrate Jay Reserves Decision in Davison Case—Stool Pigeon Appeals for Protection

Judgment was reserved yesterday afternoon until Monday by Magistrate Jay in the city police court in the case against William F. Davison, proprietor of the Davison Liquor Exporting Company, Wharf Street, who was charged with "selling intoxicating liquor contrary to the provisions of the Government Liquor Act." Mr. H. A. Maclean, K.C., appeared for the defendant, while the prosecution was conducted by Mr. Richard C. Lowe.

The Davison case was called yesterday immediately after the court had announced the decision in a case of a similar offence alleged to have been committed by Lester Hayne, of the Victoria Cafe, which was dismissed. A plea of not guilty was entered by the accused.

The Crown rested its case mainly upon the testimony of the two stool pigeons in the employ of the Liquor Board, Kenneth LeChance and Carl Ledoux, who gave evidence in the four counts against Major G. W. Nicholson, M.C., of Sooke, who was examined on the stand. Kenneth LeChance, another of the stool pigeons, took the stand and briefly narrated the arrest of the accused.

The First Witness
The first witness for the prosecution was Kenneth LeChance, who said he visited Davison's premises on Wharf Street on July 8 at 12:30 o'clock. Witness said he told the accused that he was travelling around and might be able to sell some liquor for him. Davison gave him cards and price lists, witness alleged, further adding that "the accused promised me a commission on sales and \$5 for every case of liquor that I could sell."

"I asked Davison how he could ship liquor into the Province with his exporting license," LeChance stated, alleging that accused replied that he would sign a fictitious name on the exporting paper and would take it before a Justice of the peace.

Witness said that Davison explained to him that in any small sales of liquor he made the purchasers would have to come down to his warehouse and take the liquor away themselves. When fifty or a hundred cases of liquor were sold, Davison said he would send a delivery van to the warehouse, LeChance alleged.

LeChance testified that he had asked the accused for a bottle of vermouth, and Davison had gone into his warehouse and returned with the desired liquor. Witness said he had given the accused a \$10 bill, receiving \$7 in change.

"I asked for a corkerew and he gave me a small one. He told me if I was going up the Island he would give me a list of names of people I might call on with the prospects of selling liquor to them. He told me the names and I wrote them down," declared LeChance.

Submits Evidence
Mr. R. C. Lowe, Crown prosecutor, put in as evidence the price lists, cards of the exporting agency, the corkerew and the bottle of vermouth, which, it was alleged, had been purchased from Davison.

Upon cross-examination by Mr. Maclean, witness admitted telling Davison that he was in the employ of a Vancouver tailor and was taking orders for suits. When witness called on Davison on July 8, he was accompanied by Carl Ledoux. After leaving the accused's premises on this date, both stool pigeons went to their room at the Empress Hotel, where the bottle, which they alleged they had purchased, was sealed, LeChance stated.

LeChance said he went back to Davison's warehouse on July 13 and tried to get some liquor. He was refused, witness alleged that Davison refused to sell any, telling him that "I am being watched very closely."

"Under the guise that you were an agent for a tailoring firm, you went to Davison's place and induced him to give you literature, and as you say, to sell you liquor," asked Mr. Maclean.

"Yes," replied witness.

"Did you not go to a Mr. Love's insurance office in Vancouver, and when he asked you if you were connected with the Liquor Board you denied that you were in its employ?" queried defence counsel.

LeChance admitted that Mr. Maclean was quite right.

Another False Answer
"And didn't Mr. Love ask you whether Ledoux was also with the Liquor Board, and wasn't your answer in the negative? Wasn't that another false statement?" Mr. Maclean wanted to know.

Witness admitted that it was.

LeChance told the court that if necessary, if not under oath, he would lie to protect himself or the Liquor Board.

Mr. Maclean thought it rather peculiar that since LeChance had said Davison appointed him to secure liquor orders, the accused hadn't offered to give witness a bottle for nothing.

"You don't know liquor places," said LeChance.

"Perhaps not, but I am beginning to know liquor constables," said Mr. Maclean.

The Liquor Board Picnic
On being asked whether he had had any conversation with the accused on July 8 as to the Liquor Board picnic, at Sooke, witness said Davison had told him Major Nicholson was selling liquor at Sooke.

"Didn't you ask Davison what you have a case of liquor so that you could go to Sooke and sell it to the picnic?" asked Mr. Maclean.

Witness denied ever telling LeChance that he was being closely watched. The accused said in court that "there are lots of stool pigeons around trying to make trouble for persons doing business legitimately."

Lands Accused's Character
Mr. Duncan E. Campbell, retired druggist, and Mr. Arthur R. Wolfenden, manager of the R. C. Land and Investment Agency, took the stand and testified to the accused's character. The former said Davison was a "gentleman, courteous, quiet and always honest," while Mr. Wolfenden declared that the record of the accused in the community was an excellent one.

Mr. H. A. Maclean, K.C., counsel for the defence, charged that the prosecution against the accused was based on illegality and misrepresentation, and he was going to end "provincial constables go out and make arrests, then take charge of the papers in the possession of the accused, and guard his stock, he said."

Counsel stated that LeChance, Ledoux and Bell were not police constables, quoting Chapter 180, Revised Statutes of British Columbia, to bear out his contention. "These men were appointed by Inspector Miller, of the Liquor Board. They admit that. This man Miller has no more right to appoint a special constable than I have. It is a blessed thing for Miller that no one has been killed in these cases, for if there had been he would have been in a pretty bad fix," said Mr. Maclean.

Claims Outrageous Pretence
"It is an outrageous pretence the way these men are flooding the country. They go out and invade places, being armed, and carry off goods. To whom are they responsible and from whom do they secure their instructions? From Inspector Miller, of course. As he has not any power to appoint constables, the whole proceeding of these men claiming they are provincial constables is entirely illegal."

"Then we have LeChance, who admits he makes up certain lies in order to get men into jail. He gloats over results, and no wonder he said when he saw the large stock that Davison had 'There is enough liquor here to pay our expenses,'" counsel continued.

Says He Was Insulted
LeChance swore in his chair in the witness box, and turning towards Magistrate Jay, said: "Mr. Maclean has tried to insult me in the street, and now here in court. I demand the protection of the court," shouted LeChance.

"I will attend to you in the street, even though you have a gun," Mr. Maclean retorted.

"I never carry a gun except on racing parties," witness said.

His Honor took cognizance of LeChance's appeal for protection, but ruled that Mr. Maclean, in the cross-examination, was within his rights.

Witness admitted that he might have asked the accused for a bottle of liquor as he was intending going up the Island. He said that Ledoux, Bell and himself carried firearms when Davison was placed under arrest.

After Davison had been taken to the police station on the date of his arrest, witness said he was in the exporting office and made a rough list of the stock.

"Did you not make the remark there that 'there is enough liquor here to pay our expenses'?" asked the defence lawyer.

"I probably did," said LeChance.

Ledoux Testifies
Carl Ledoux was placed on the stand. He corroborated LeChance's story of the purchase of a bottle of vermouth from Davison.

Mr. Maclean asked for the arrest warrant, and it took several minutes to locate it.

Witness said the result of so many authorities These liquor cases are under the control of the Liquor Board and the Provincial police apparently know nothing about them," observed the court.

Witness admitted that he had backed LeChance up in the latter's false statements. He wouldn't deny that LeChance had asked the accused for a case of liquor for the Liquor Board picnic.

Gave Untrue Name
Ledoux told the court that in introducing himself to Davison he had given the accused a false name.

"Why did you do that?" Mr. Maclean inquired.

"I thought it would be more of a precaution in case we were traced up," witness responded.

Witness said the last witness for the crown, said he was present when Davison was arrested. He stated that he had a gun with him, but during his employment as a police constable for thirteen months he had never had any occasion to use it. He didn't know how many police constables the Liquor Board had, but he admitted that he didn't know how to flood a lot of liquor down their own throats.

Andrew Little, Curtis, the warehouseman, the accused's premises, took the stand and said that LeChance had asked him if he could get a case of liquor to take to the Liquor Board picnic. Witness said that he told LeChance that Davison couldn't sell any liquor locally, as he only did an exporting business. Curtis also testified that LeChance had returned several days later and asked him for a bottle of Scotch, as he wanted to take it up the line. Witness said he told him that the place where he could buy a bottle was the liquor store.

Has Never Sold Liquor
Witness said he had never sold a bottle of liquor himself. He couldn't recall how many bottles of vermouth there were in the warehouse on July 8, but there was some loose stuff in the vault.

Curtis said that he saw LeChance sitting down near the desk of the accused on July 8 and thought he was writing something. He said he did not know what a bottle of vermouth cost, as he had never bought or sold any. He declared that he had never known the accused to have made a sale of liquor in the city, and "as far as my knowledge goes, I would swear that he never sold a bottle of liquor to LeChance." He said he had never seen any corkerew in the warehouse.

William F. Davison, the accused, denied ever selling liquor to LeChance. He said that LeChance and Ledoux had come into his premises on July 8 and the former had asked him to sell a bottle of liquor. The accused said he thought it rather peculiar for strangers making such a request, and told them that "I was strictly an exporter."

Denies Charge Against Him
"Their story about purchasing vermouth from me is absolutely untrue," said Davison, who said that he had never sold liquor here since either the prohibition or the Government control act came into force. He denied ever giving LeChance a list of names for him to call on in Up-Island towns, saying that he had never before heard the names of the persons written down by LeChance.

The accused said that he never sold liquor by the bottle, only by the case, although he testified that there were a few loose bottles kept in the vault. He said he didn't see what LeChance may have been writing down. Witness said he kept his price lists and cards on his desk, and admitted that he may have told the stool pigeons to help themselves to them.

Davison denied ever telling LeChance that he was being closely watched. The accused said in court that "there are lots of stool pigeons around trying to make trouble for persons doing business legitimately."

Lands Accused's Character
Mr. Duncan E. Campbell, retired druggist, and Mr. Arthur R. Wolfenden, manager of the R. C. Land and Investment Agency, took the stand and testified to the accused's character. The former said Davison was a "gentleman, courteous, quiet and always honest," while Mr. Wolfenden declared that the record of the accused in the community was an excellent one.

Mr. H. A. Maclean, K.C., counsel for the defence, charged that the prosecution against the accused was based on illegality and misrepresentation, and he was going to end "provincial constables go out and make arrests, then take charge of the papers in the possession of the accused, and guard his stock, he said."

Counsel stated that LeChance, Ledoux and Bell were not police constables, quoting Chapter 180, Revised Statutes of British Columbia, to bear out his contention. "These men were appointed by Inspector Miller, of the Liquor Board. They admit that. This man Miller has no more right to appoint a special constable than I have. It is a blessed thing for Miller that no one has been killed in these cases, for if there had been he would have been in a pretty bad fix," said Mr. Maclean.

Claims Outrageous Pretence
"It is an outrageous pretence the way these men are flooding the country. They go out and invade places, being armed, and carry off goods. To whom are they responsible and from whom do they secure their instructions? From Inspector Miller, of course. As he has not any power to appoint constables, the whole proceeding of these men claiming they are provincial constables is entirely illegal."

"Then we have LeChance, who admits he makes up certain lies in order to get men into jail. He gloats over results, and no wonder he said when he saw the large stock that Davison had 'There is enough liquor here to pay our expenses,'" counsel continued.

Mr. Maclean contended that there was not a tittle of corroboration in the stool pigeons' evidence. He pointed out that the accused's story was supported in every detail by Mr. Curtis, who, he said, "has given his account in an open, fair and most convincing way. There is no doubt but that these so-called constables are lying," declared Mr. Maclean, who said that "in a criminal case it is law of the most elementary character that all reasonable doubt must be given to the accused. I claim that the law does here, but should the court find that there is a doubt, the accused must be given the benefit of it," counsel maintained.

Mr. R. C. Lowe Argues
The question whether the liquor law as yet no one has been killed in the liquor cases. He read the following extract from the judgment given by Chief Justice Meredith, of the Ontario Court of Appeal, in the case of King versus Honan, which was being read by the law clerk, reads: "The criminal who would the Jimmy or the budgeon or uses any other criminally unlawful means or methods has no right to insist on being met by the law in the way in kid gloves and satin slippers; it is still quite permissible to 'set a thief to catch a thief.'"

No Hearing on Case
In this case the question of the method by which Davison was arrested had no real bearing on the issue as to whether or not the accused had sold liquor. Mr. Lowe contended, "This is not the place to criticize the system by which these arrests are made. LeChance or Ledoux do not deny making the false representations in order to get evidence. Diplomatic agents have not told the truth before this," he pointed out.

Mr. Lowe referred to the refusal of the accused, who acted upon his counsel's advice, to agree to produce records showing what his exportations were during the month of July. He mentioned that Davison, after saying the records had been destroyed, admitted that he could get them, but when asked to produce them in court Mr. Maclean had jumped up and said, "No, we will not bring them here." "I have called their bluff," declared Mr. Lowe, who claimed that the onus cast upon the accused had not been dispelled.

Magistrate Jay then announced that he would withhold judgment in the case until next Monday morning.

The case against Philip Hornby, an employee of the Sooke Harbor Hotel, who was charged with selling beer to the Liquor Board, was continued at the Government Control Act, was remained until Monday morning next.

ALTAR SOCIETY TEA
Delightful Social Function Held Yesterday Afternoon at Mrs. Wilson's Uplands Home

The sunniest of autumn days lent its charms to good effect for the bridge-table held yesterday afternoon at the home of Mrs. Charles Wilson, Uplands, in aid of the Altar Society of St. Andrew's Cathedral.

Thanks to the warm weather, many of the visitors enjoyed tea out of doors in the shade of the oaks on the lawn, and clock golf and ladder golf were popular pastimes for the women. Cards, which were convened by Mrs. Will Baines and Mrs. McLennan, occupied several tables, and many further visitors arrived for tea, which was served both indoors and outside. The buffet on the lawn was prettily decorated with mauve and pink asters, and the table in the dining-room was most artistically arranged with azyrianthus and asters. The dolls were of Oriental design, on the centre one resting a black basket with its display of flowers, while smaller baskets on smaller doll-like held delicious sweetmeats.

The garden lends itself admirably to such pastimes as clock and ladder golf, as several competitors entered the contest. Judge "Gulliver" and J. J. Lehighy winning first and second prizes, respectively. In the former contest, and Mr. Andrew Wright winning the ladder golf. Mrs. Alice Scott won the five hundred prize. Mrs. F. Briggs and Mrs. F. Behl presided at a very picturesque candy stall, the foundation of which was an enormous basket with decorations of pink and mauve.

The profits from this went to swell the gratifying total of \$75 which was netted by the enjoyable affair for the Altar Society of St. Andrew's. Among the visitors was Bishop Mandonaid, Mrs. Hallam, Mrs. Devereaux and Mrs. Roberts convened the tea.

PRESENTATION FOR POPULAR WORKERS
Sailors' Club and Connaught Seamen's Institute Say Good-Bye to Commander and Mrs. Clarke

By way of a souvenir of their much-appreciated association with the Sailors' Club, Esquimalt, the members of the committee of that body and of the Connaught Seamen's Club last evening made a presentation to Commander G. F. Clarke and Mrs. Clarke, who are leaving next week for the East, following Commander Clarke's transference to Halifax. Coupled with the expressions of appreciation and affection which accompanied the gifts were expressions of regret at their pending departure, and of hope that they would some day come back to Victoria.

The affair took place at the Sailors' Club, guests dancing for a short while before Mr. R. H. Pooley, M.P.P., president of the committee, called the audience to attention for a few minutes in order to make the presentation. In a short speech he referred to the splendid and loyal work of Commander and Mrs. Clarke as members of the committee.

Refreshments were served later, those in charge being Mrs. Hibbert, Mrs. Sloan, Mrs. Robinson, Mrs. Gaiger and Mrs. Spavin. Mrs. Cave, president of the Ladies' Guild, and Mrs. Hanna, matron of the Sailors' Club, were the hostesses of the evening, and among those present was Mrs. Alice Thomson, president of the ladies' committee of the Connaught Sailors' Club.

Before the gathering dispersed three cheers and a tiger were given for Commander and Mrs. Clarke, who stood in the centre of the hall while the company joined hands and sang "For Auld Lang Syne" and "God Save the King." Miss Thain provided the music during the evening.

Johnston, Tilden, Patterson and Richards Are Last Four Remaining in the Championship Ship Quest

PHILADELPHIA, Sept. 14.—Playing tennis of a standard and calibre seldom seen by the casual observer of the sport four players this afternoon reached the semi-final round of the forty-first National singles championship. Two were past and present titleholders, in the persons of William M. Johnston, of San Francisco, and William T. Tilden II, of this city. In battling their way through the fifth day of the annual titanic tournament on the courts of the Germantown Cricket Club this quartette, the sole survivor of the 128 championship seekers who began play last Friday, clearly demonstrated their right to be classed with the greatest players in the history of the game. Johnston defeated Manuel Alonso, the Spanish racket star, 6-3, 6-2, 7-5; Tilden won from Zeno Shimidzu, Japanese internationalist, 6-2, 6-3, 6-1; Patterson eliminated the former two-time champion, R. Norris Williams II, of Boston, 6-3, 6-3, 6-4; and Richards defeated James O. Anderson, of Australia, 6-2, 6-4, 7-5.

In the tenth round Villa scored two knockdowns. He began by pummeling Buff with both hands, rushing him to the ropes and then chasing him across the ring. Buff was reeling when Villa landed his left to the head and sent the American bumping to the floor.

Universal Production

The magic pantomime below cost over a million dollars but they'll open the gate of your dreams to you—take you to the world's palace of delights—show you the sunny side of the glittering surface you could not penetrate on a personal visit that cost you thousands of dollars—the fascinating—dancing—clinging—magnet of folly and fashion—"The Sign of the Cross"—Monte Carlo—the fool's paradise.

More than \$1000 cost spent on production for every minute shown on the screen.

This charming guide will breakfast with you on a sun-drenched terrace overlooking a sapphire sea—she will tell you that glorious woman is an adventure—that handsome man a wonder—that couple are nobodies—just rich Americans spending money—that the Princess just beyond is under suspicion—but that she won \$10,000 francs at the Casino—that the Count is a charming man—that his husbands are stupid.

Below is von Stroheim—who wrote directed, featured in, and spent over a million dollars to produce the most beautiful picture the mind of man ever conceived—and all for your entertainment—You will see him at his best as a gay and gallant playboy—at his worst as a thief—a scoundrel—playing on the virtue and wealth of women—as a great actor—a superb director.

Pictorially surpasses anything ever achieved in picture-dramaticity—color, fast action and details—your complete magnificence that awakens you a short slumber that awakes you for a sea of emotions.

What amazing secrets lay hidden in her breast?

What did she know about the great bank robbery?

What had been her relations with the bandits?

What did she see the night the bank was robbed?

What did she tell the court?

What was her simple story that fell with staggering effect upon the ears of judge and jury?

Don't miss this soul-searing climax in the greatest heart drama of a decade.

At the Playhouses**PLAYHOUSE COMPANY MAKES DESERVED HIT**

Regenerated Little Theatre Attracts Satisfied Patrons to Well-Concepted Entertainment

It was a good house which greeted the Playhouse company last night, and it was an amused and satisfied house which greeted the company on the opening of the curtain upon Show Number Three, a very completely presented "potted" version of "The Girl From Tokio."

Mr. Reginald Hincks, the popular and energetic manager of the Playhouse, had reason to be satisfied with the reception accorded his fine little company of local artists, and he had not less reason to be proud of the fine co-operation of that company, every member of which was equal to his or her part, and gave evidence that hard work, artistic training, and a real talent for music and acting is combined in the Playhouse company.

This is the second week in which Show Number Three, the so-called potted opera is the main offering—has shown in the little Yate Street house, and it evinced no sign last night that its popularity with Victoria audiences had suffered eclipse.

Renovated and Vitalized

The house itself—formerly the Princess Theatre—would seem to have taken on a new spirit with the new dress in which the decorators have adorned it. Renovated, redecorated and revitalized in an atmosphere of wholesome amusement, it is now not merely one of the most comfortable theatres in Victoria, but it would seem to be in process of becoming the headquarters and the centre of a vigorous and sustained movement back towards old, well-beloved theatrical entertainment. Physically, the house is airy, cool and comfortable; from the decorative point of view it is a credit to the artists who conceived and the craftsmen who executed its scheme of color and lighting, and with the quality of the entertainment maintaining itself on the level reached last night, it should record a success which will at once encourage its players and enable them to continue.

It would be not only individual—in the time-worn, not to say moth-eaten formula—to single out solitary members of the company for approbation, it would be doing the musical comedy spirit in which they were alike received by the audience. They were all well met and well approved with last night's house.

A Company of Artists

Miss Justin Gilbert, who was recalled twice in Part One of the programme to give further evidence of her distinction as a violinist, followed up that success by clever acting and beautiful singing in the musical comedy which followed. The brothers Petch, Ernie and Jack, were very much at home among friends. Messrs. Bob Webb, Reginald Hincks, Bun Hobday and Herbert Kent supplied fun and music in equal competency. The Misses Eileen Allwood, Peggy Lewis and Eunice Campbell sang and danced their way into the hearts of a most friendly house.

Where so much was praiseworthy it was almost curiously to sound another note, but it must be recorded that the clever little company would probably be well advised to delete "Too Bad"—allied to be a Domestic Episode in One Act—from their otherwise well-chosen repertoire. "Too Bad" has suffered from the passage of Time; it is not only too bad, it is too ancient for resurrection. But with that exception The Playhouse and its play and players are all to the good. Show Number Three is on the bill for the rest of the week, and should continue to draw good houses.

ROYAL Playing a roughneck character in the most pretentious surroundings, not as part of a comedy but as an integral cog in a gripping drama is a new tangent for scenarists. The thing has been done before in burlesque, but it remained for George Hobart to wind this unique twist into a tense story of hope and despair and exquisite sentiment. "Sonny" with Richard Barthelmess as the star, is the title of the picture adaptation of the stage success which has absorbed this novel twist of plot. The story retains the simple charm of character and treatment that featured "To Be a Soldier." Unlike its predecessor, however, "Sonny" is an individual in the congested cities and centres around the sophisticated life of the big metropolis. Richard Barthelmess effects some of the finest character work in his career marked by simple dignity and realism. "Sonny" will be shown again today at the Royal Victoria Theatre.

COLUMBIA William Farnum gave a THEATRE splendid performance in "Shackles of Gold," his latest Fox picture, at the Columbia Theatre yesterday, and sent everyone away feeling that he or she had seen a worthwhile, entertaining picture.

one that was graced with real acting. In its chief role it showed the genius of the popular star for portrayal of highly emotional scenes. America has produced few actors who have pleased the picture-going public so well. Of course, beauty, dexterity and other attractions have drawn the public to the picture houses, but for big dramatic work, Farnum has no equal on the screen. The picture, which Herbert Branon directed, will remain at the Columbia Theatre for today and Saturday.

CAPITOL Get a leading man who THEATRE owns a yacht! That is, if you are going to do seashore locations where hotel accommodations are limited and much in demand. This is the advice of Betty Compson, Paramount star, whose latest picture, "The Bonded Woman," is now running at the Capitol Theatre. For the sea and storm and shipwreck scenes, it was necessary for the company to spend a week at a small seaside town having only one hotel. As it happened, another Paramount company starring Jack Holt was working there at the same time, so rooms were in great demand. It remained for John Bowers, the leading man, to solve the problem by bringing his roomy yacht, the "Unica," anchoring just offshore, and inviting a number of the men to sleep on board.

DOMINION William de Mille and THEATRE several members of his company narrowly escaped death one day while at work on "Nice People," the producer's new Paramount picture, which will be shown at the Dominion Theatre all this week. While en route to a location high in the hills of Southern California, the producer and his party motored across a place of mountain road, and the party was on the adjoining cliff and swept in a tremendous landslide into the valley below after the party had crossed it. Fortunately, the party was not hurt, but had crossed in advance of the landslide. Luck also favored them in that there was another road available as an exit from their mountain road. In the party were William de Mille, Wallace Reid, Bebe Daniels, Conrad Nagel, Ethel Wales and members of the Paramount stock company who appear in the cast.

"FOOLISH WIVES" TO OPEN AT THE ROYAL ON MONDAY NEXT

"Foolish Wives," the super-picture shown at the Royal Victoria Theatre beginning Monday, Sept. 18, is the first real million-dollar picture. Its actual cost up to the time of its first showing was \$1,103,748. This stupendous expenditure was expended in the construction of gigantic and costly sets and in the hiring of thousands of "extra" actors and actresses to make up the crowd scenes. Erich von Stroheim, the author, director and principal actor in the picture, prided himself upon reproducing at the Universal City, Cal., the exact scenes and activities to be found at Monte Carlo.

"BORDERLAND" TO SHOW AT CAPITOL ALL NEXT WEEK

Can the dead return to warn the living? Has Arthur Conan Doyle proved his case? It's an interesting question treated in "Borderland." Agnes Ayres' new Paramount picture, which comes to the Capitol Theatre next week, commencing Monday, Belief in the premise is said not to be necessary for an enjoyment of this story, however. The story is by Rudolph Dill and Paul Powell directed. Milton Sills plays the male lead, and there are several well-known children in the cast, not to speak of a trained dog and goat.

MUCH MALIGNED POLICE SHOWN AS HERO IN HIS WORK

The policeman has been lampooned otherwise joked in comedy films for years, but comes a melodrama that glorifies the finer instincts that actuate the average policeman in the performance of his duties. It is a production for which every bluecoat should stand up and shout "Thanks!" for it reveals him as a hero at work and at play; on the streets where he is exposed to danger and in the bosom of his family, where he shows himself to be a father of a high type, indeed.

The name of the production is "In the Name of the Law." It is produced and directed by Emory Johnson, who also plays one of the principal characters. It is being distributed by the Film Booking Offices of Canada, and is being shown at the Dominion Theatre all next week.

MONTREAL HAS HEAVY SHIPMENTS OF WHEAT

MONTREAL, Sept. 14.—Within the next few days the first shipment of Canada's 1922 crop will arrive in Montreal from the West, inaugurating what is confidently expected to prove the heaviest volume of grain traffic in the history of the port. Nearly \$2,000,000 bushels already have been handled here this season, and it is believed that by the end of the season, last season's total will be far exceeded.

ROSE ROSANOVA IN CAST OF FILM COMING TO DOMINION

Rose Rosanova, who is playing the role of the mother in "Blood and Sand," Paramount picture of Ibsen's famous novel, which is Rodolph Valentino's first starring picture, and which comes to the Dominion Theatre for one week, commencing on Monday, September 18th, formerly played leading roles in Russia. Among the plays she appeared in were "Redemption" and "The Resurrection," in which Blanche Walsh and other players appeared so successfully in this country.

Bridge of the Gods

An Indian Legend

In the Saturday edition of The Colonist appeared a paragraph stating that a bridge is being built across the Columbia River at the spot of the mythical "Bridge of the Gods."

"The Bridge of the Gods" is one of the countless legends of the Indians, permeated with picturesque charm, and conveying to their Nature-loving spirit the cause and origin of their surroundings. The following story has been adapted from a translation of the Indian lore:

Many moons ago, when the earth was new to the warmth of the sun; new to the radiance of the moonlight rays; fearful of the chill of dawn, fearful of the cold embrace of the moon, many moons ago it was that Tyhee, Sahale came to Great River, came with his two stalwart sons.

Where they came is now The Dalles, but then only a beautiful wilderness, virgin forest formed the wilderness, and in the heart of each of those stalwart sons rose the longing for the forests, and the father saw their thoughts, and the father thought, 'er at twilight those two sons had fought for power.

Then into the wilderness shot their arrows, Tyhee Sahale, with his bow, two long arrows, shot one to the north; shot one to the west; and said Tyhee Sahale to his sons, "Go, find the arrows. Where they are you shall have land."

Straightway went one son to the country of the North; to the country of the Kluckitlat; and the first grandfather of the Kluckitlat was he; and the other son followed the straight arrow of his father to the Willamette Valley; he, the first grandfather of the Multnomahs.

Then between them Tyhee Sahale raised up mountains, aretes, in strength; strong in grandeur; so that the tribes of the Kluckitlat, and the tribes of the Multnomahs might not quarrel; for they were brothers. The Pala Face built these barriers the Cascade Mountains.

And the sign of peace between the brothers was Great River, flowing swiftly past the brothers, and later Tyhee Sahale, dreaming that the feud were over; thinking all was peace and quiet; conquered Great River, and made of it a bridge, that the two sons might be friends; thus he made the Bridge of Tomamows.

As the moons passed so the wigwams filled, until the tribes were numerous as the shells upon the river's bank, and they did all things. They dispensed Tyhee Sahale, and in his sorrow he drew his hand across the sun, and the friendly warmth vanished from the evil doers, and their land was cold. On this land, cold and quiet, fell the drops of rain, and made the joy colder still. Then the tribes were truly wretched, for they had no fire. Only Loo-Wit had fire, only Loo-Wit of all the hundred tribesmen; and the people in their evil hearts thought to steal the fire from Loo-Wit. But being young, and warm, and supple, Loo-Wit fled with feet as fleet as does an swift as the birth of a happy thought; and they, the pursuers, heavy with malice, stiff with the cold, could not overtake him.

As he fled, he told him of the hardships of the tribes; told him of the cold and sorrow of his sons; told

him of the needs of the Indians, and the heart of Tyhee Sahale melted, and he gave a fire-gift to the Indians, on the Bridge of the Gods Tyhee Sahale built a fire, and the tribes were warmed.

To Loo-Wit he gave the gift of everlasting beauty and eternal youth; and Loo-Wit was the most beautiful maiden ever seen. Then began the chiefs to love Loo-Wit, many wanted Loo-Wit for their wife, with her beauty and her youth, and the chiefs of Kluckitlat, from the north, and the Willamette, from the west, came and sought to win the love of the maiden. But Loo-Wit answered not one chief, gazed not with love on one of those proud chiefs, and the chiefs fought with rage and jealousy, and with them fought their tribes. Thus they angered Tyhee Sahale once again, for blood was shed, and Great River was no more a sign of peace.

In his anger Tyhee Sahale broke apart the mountain bridge; great rocks fell into the river; and remain there to this day—and to this day, when the water flows quietly, buried forests may be seen. Thus Tyhee Sahale crumbled the Bridge of the Gods; thus the tribes were kept apart by Great River. And in his anger Tyhee Sahale made of Loo-Wit the beautiful, the young, and of Kluckitlat, and of Willamette, three great mountain peaks; always they are very cold; always they are covered

with snow and ice, and are immovable, and the Pala Face calls them Mount St. Helens, Mount Adams, and Mount Hood.

BUSY PREPARING FOR NEXT SUMMER'S CAMP

Tourist Group of Chamber of Commerce Will Have Things Ready for Autists

Another meeting of the committee of the trade tourist group of the Chamber of Commerce to prepare estimates on the probable cost of an auto tourists' camp and also to estimate the possible revenue to be secured from the camp was held yesterday afternoon. Another committee has been appointed to report on probable locations for the camp.

As the present camp automatically closes at the end of the present tourist season, the tourist group intends to be prepared as soon as possible for the opening of another camp. The success of the Curtis Point camp has shown the necessity of continuing to provide accommodation for auto tourists, and it is hoped to have plans completed as soon as possible so that there will be no delay in opening an again as the tourists begin to arrive next Summer.

UNUSUAL DISPLAYS AT METCHOSIN FAIR

In Spite of Dry Season Exhibits Challenge Admirable of Hon. E. D. Barrow

Large crowds attended the opening day of the Metchochin Fair. Long before two o'clock cars were rolling up to the exhibition grounds, bringing sightseers from all parts of the district.

Mr. C. Whitney-Griffiths, president of the Metchochin Farmers' Institute, in introducing the Hon. E. D. Barrow, Minister of Agriculture, remarked that the association was delighted at the response for exhibits, which numbered between 400 and 500.

Mr. Barrow then congratulated the residents of Metchochin and district on the excellence of the exhibits, adding that it was a pleasure to visit Metchochin. Mr. Barrow went on to say that in his official capacity he visited a large number of fairs, and that he had recently visited the New Westminster Fair, stating that in comparison the quality and variety of the stuff produced at the Metchochin fair is second to none in the Province.

In touching upon beekeeping, Mr. Barrow remarked that this is a line of production which is increasing rapidly; also that it seems to be more profitable to keep bees than cows just now.

Mr. Barrow concluded his remarks by saying that such exhibits as these are splendid for the co-operation of farmers and their wives, the exchanging of ideas and notes being most beneficial to the community. In declaring the fair open, Mr. Barrow added that the excellence of the show should prove encouraging for further efforts next year.

Mr. R. H. Pooley, M.P.P., also spoke a few words, remarking that the growth of the association was evidenced by the difference in the present fair and the fair held in 1919; also that the industry and New Westminster fairs. Mr. Pooley concluded by saying that great credit is due to the district in the showing of such excellent products, notwithstanding the dry season.

Mr. Pierce, in a few well-chosen words, expressed the appreciation of the institute and all those present for the presence of Mr. Barrow, Mr. Pooley and the judges, who included Mrs. Bonavia and Mr. Anketell Jones. Mr. H. C. Heigens seconded this vote of thanks, which gained a hearty response.

Castoria, or Something Else?

FLETCHER'S CASTORIA is particularly a preparation for Infants and Children made agreeable to the taste, acceptable to the stomach and pleasant in its action. It has been in use for over thirty years and has always been one of the most highly esteemed of all cathartic preparations.

It has one great advantage over other preparations of its kind in that while it opens the organs readily and completely, it does not have a tendency to produce subsequent constipation so much to be dreaded.

Fletcher's Castoria having been prepared solely for our little-ones, should not be confused with ordinary cure-alls or preparations primarily compounded for grown-ups. The child's organism, so delicate and tender, requires specially prepared medicines and foods, the one no less than the other, as mother-love well knows, and mother-love can not be deceived.

Children Cry For Fletcher's

CASTORIA

What is the Matter with Baby?
It cries fretfully, is restless and does not sleep well, its bowels do not move or it has diarrhoea, it does not eat or it has flatulence and vomits easily. You know baby is sick. You want to help baby get well safely and quickly.

If you are wise you will use Fletcher's Castoria, the wonderful remedy for babies' ills, that was discovered by a family doctor and that has been used for over thirty years.

When you have learned the value of Fletcher's Castoria you will never be without it, you will tell other mothers what a useful remedy it is. You will be able to keep baby well and happy by using it to keep its stomach sweet and its digestive organs acting naturally. You will call Fletcher's Castoria the Children's Comfort and the Mother's Friend.

Don't say tomorrow—try it today. And above all things don't try to relieve baby with a remedy that you would use for yourself. MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA
